STORE STREET DISTRICT NEWS

The opening of Fitzgibbon Garda Station is very much welcomed by all the members in the DMR North Central Division. The refurbishment and opening is a testament to the ongoing support for policing from within this community. I wish to acknowledge the support for the initiative from the NEIC Board. The reopening was a strategic objective of the NEIC and I am delighted to have delivered on that.

With the easing of COVID 19 restrictions we are moving forward into a busy summer of events including sporting and concerts. We look forward to working with the community in delivering a safe environment within which these events can be enjoyed by everyone. We have just finished a comprehensive policing operation for the St Patricks Day and festival. The return of the parade was very much welcomed after a difficult two year period living with COVID 19. I hope everyone had a chance to take part in some of the celebrations. I wish to acknowledge the excellent cooperation we received from our colleagues in DCC, the transport, licensee and business sectors all of which contributed to a relatively quiet period as regards policing.

My team and I continue to work in support of Cormac and Sonya in the Community Safety Partnership and I wish them well in their work.

Please continue to Stay Safe.

Patrick McMenamin Chief Superintendent
